

# Estrada Palacio

## Vispius White Wine

*Charm and style.*

Vispius White is a wine with a series of self extraordinary qualities and characteristics which give it taste and fragrances of its own, different from other white wines.

### Tasting

Intense exotic and tropical bouquet, with subtle fragrances of pear and linden tea. Fruity and fresh in mouth, with a body and acidity that gives the wine its back bone, necessary to keep its character.

### Wine Pairing

On its own, with salmon, sea-food, battered fish, lean fish, vegetables, green asparagus, rice and paella.

**We recommend to serve it chilled, between 8 y 14 °C.**

---

*After years of tests in the winery, Vispius White was bottled for the first time in May 2012 in a non expected way for it was Stephan Graf who encouraged us to do so after tasting our wine straight from the tank and wanting to sell it in his country. Since then we keep on making this great wine every year.*
